Instructions for Use – Please Read All Instructions Before Use.

Setup

1. Remove all components from the box.
2. Place the leg frame in upright position. Locate the front seat support tube (the front and back seat support tubes are lower than the side support tubes.)
3. Place the front seat z-clips under the front seat support tube.
4. Lower the seat back and snap the back seat clip onto the back support tube.

Adjusting Leg Height

Legs are already installed on the bath seat.

To adjust leg height:

1. Press push button and slide leg extension up or down to desired adjustment hole.
2. Ensure push button fully protrudes through the leg adjustment holes of the leg extension.

NOTE: An audible "click" will be heard when push button securely protrudes through the adjustment hole.

3. Repeat STEPS 1 and 2 for the other three legs.

NOTE: Ensure all four legs are adjusted to the same height and that all height adjustment buttons protrude fully through the adjustment holes before use.

Back Pad Adjustment

The back pad position is adjustable. To change back pad position:

1. Remove the two screws that secure the back pad.
2. Move back pad to desired position.
3. Reinstall the screws. Ensure that back pad is secure before using.
