Adjusted for:			

Total weight (g): 0

The weight changes based on the choices made below.

S3 short has a ajustable rear axle in carbon fibre. To find a balance that suits you the rear axle can be adjusted into different positions. Note desired measure at "Settings". S3 short has a seat height of 47 cm in the front and 43 at the rear, without cushion. To adjust the seat height you can chose other rearwheel sizes or a raising Kit with suitable castor fork from the List of options.

Max userweight: 100 kg for seat width 30-42 and 150kg for seat width 45 cm
