GETINGE GROUP

CENTURY SIT BATH SYSTEM

This fixed-height keyhole-shaped tub provides an ideal solution when a healthcare facility requires an advanced sit bath designed for good immersion.

The sit bath is a space-saving alternative that is regarded as a traditional bathing method in some parts of the world. Century™ makes the ArjoHuntleigh bathing system range fully comprehensive

by offering a sit bath. Century enables smoother transfers, due to its keyhole-shape design, which gives the caregiver easier access to the patient during the bathing sessions.

...with people in mind

IMPROVED SIT BATH SYSTEM

Century integrates with *Alenti™* and *Calypso™*

Two sensors provide scalding protection and Auto-fill, one level with possible afterfilling. The electronic control functions are operated by touch pad

Digital display of temperature control for bath water and fill/shower

Built-in disinfection shower handle and automatic disinfection of the *Hydromassage™* system

Hydromassage generates a gentle massaging effect

Hydrosound™ offers a gentle touch for cleaning sensitive skin. An integrated ultrasound unit in the tub generates millions of jet streams
