CORPUS ERGO AIR

WITH ROHO® TECHNOLOGY

POSITIONING AND SAFETY

Our ergonomic positioning cushion is contoured to provide pelvic stability and improved lower extremity alignment. The lateral edges of the cushion accommodate removable seat wedges and help provide control in the seated position. Overall, the system is designed to improve comfort and positioning while minimizing tissue deformation.

SKIN PROTECTION

The specially-designed ROHO insert supports the ischial tuberosities and the posterior shelf of the greater trochanters for those clients who are at high risk of breakdown. It provides an adjustable, reduced friction and shear environment that can help protect the client from acquiring pressure ulcers from sitting.

ADAPTIVE COMFORT

Along with exceptional skin protection, the ROHO insert provides personalized comfort. By adjusting the amount of air, the cushion can be tuned to match the individual's shape. Cleaning requires just soap and water, and the specially designed cushion cover is also machine washable for added convenience.

THE PRODUCT OF TWO GREAT COMPANIES

ROHO and Permobil have joined together to evolve Permobil's Corpus positioning cushion to feature an optional ROHO insert for added comfort, support, and skin protection. The cushion combines the shape matching ability of the ROHO DRY FLOATATION® technology with Permobil's ergonomic design. The improved cushion design enhances the already revolutionary Corpus seating system, providing you with the superior skin protection that ROHO is known for. The Corpus Ergo Air cushion allows for improved pelvic alignment and stability while maintaining optimal support of both the ischial tuberosities and greater trochanters.

SUPERIOR SKIN PROTECTION

Designed for proper immersion and envelopment of the pelvis for soft tissue protection.

EASILY ADJUSTABLE

Adjustment valve allows for easy inflation or deflation with hand pump.

DESIGNED FOR SUPPORT

Ergonomically designed cushion includes space for Corpus lateral wedges to enhance positioning.

TAILORED TO YOUR SIZE

Available sizes range from 17" – 21" wide and 17" – 21" deep for the perfect fit.

CENTER ABDUCTOR

Cushion design includes a center pommel for improved positioning of the lower extremities.

REMOVABLE COVER

Stretch cover is designed to aid in the skin-protecting qualities of the ROHO insert.
