Alber Smartphone App

## THE CLEVER HELP FOR UNDERWAY

It provides you with valuable tips and tricks for daily life with your Alber product. In case of a breakdown, identify the cause of the fault using the App and alleviate it yourself in many cases. If that isn't possible for some reason, contact the Alber Service Centre directly from the App or your local specialist dealer. In this way, you always get help fast, directly on your Smartphone – no matter where you are at that moment.

### Functions

- Quickstart guide, brief operating instructions
- List of specialist dealers worldwide
- Troubleshooting with solution management
- Contact specialist dealer or Alber Service Centre directly
- Practical tips on all aspects of the twion

## MOBILITY PLUS PACKAGE

With the Mobility Plus package you can activate and enjoy even more features in the twion Mobility App and communicate with the twion wheels via smartphone!

Prerequisite is a Smartphone with Android operating system and ability to connect to the internet.

The Mobility Plus package contains an outer ring with an exclusive design, a booklet with operating instructions, and a licence code to activate the other features.
