

AQUATEC® The OCEAN

Aquatec Ocean has been given a facelift, enhanced with features to better fit your needs.

Features

- Push bar has been moved upward so the chair can get closer to the wall when positioned over the toilet.
- Backrest frame has been redesigned so that the same soft seat overlays can be used across the entire Ocean line.
- Backrest upholstery straps have been lengthened to allow greater adjustment for comfort and positioning.
- Increased footplate dimension; is now angle adjustable.
- A common armrest with bracket is now in place on all Oceans. The same arm locks can now be used on Ocean and OceanVIP.
- The XL model now has a wider backrest frame for more comfort.
- Height adjustable seat; no tools needed.

Components

Ocean is a family of stainless steel, height adjustable shower/commode chairs. Changing the seat height is done with push clips in 1" increments for a total of 5" height range, no tools required. Seat frame has a 10° static tilt. All models have 5" casters with wheel locks. PVC-coated, nylon backrest upholstery is washable and tension is easily adjusted. Coated urethane seat overlay has a keyhole shape cutout. Armrests flip up for transfers and can be adjusted upwards by 1 1/2". Swing-away footrests include heel loops. They can be adjusted in length from seat and footplate angle. A collection pan with lid is included. Entire chair can be disassembled for cleaning in a tub or autoclave.

OceanSP is a self-propelled model with 24" wheels, hand brakes and push rims. The large wheels have quick-disconnect pins, allowing you to remove the wheels and use the 5" casters. OceanXL has a wider backrest, total of 21" between arms, for greater comfort. The arm brackets are reinforced for greater weight capacity.

Warranty

Aquatec Ocean shower/commode chair frame is warranted for two years against manufacturer's defects, excluding upholstery and soft seat overlay.
