

Etac Clean

A prize winning assortment of shower commode chairs. There are a variety of Etac Clean models. The basic model, Etac Clean is also available with a padded comfort set, propelling wheels and height adjustability. They all have the same characteristic design and functions.

Improved access

The seat has a recess at the front and is fully open at the rear. This improves the accessibility for intimate hygiene.

Comfortable and practical foot support

The foot support has a unique design. It can slide in underneath the seat when not needed. The softly curved surface provides comfort and stability for the feet and the heels are protected by the covered sides of the foot support.

Easy manoeuvring and perfect fit

Clean is easy to manoeuvre thanks to the functional push handle design. Another strong advantage is the push handle's upright position. This makes Clean fit perfectly over any wall mounted toilet.

Other dimensions: Total width: 52 cm (20 1/2"), seat width: 48 cm (19"), width between arm supports: 43.5 cm (17 1/4"), total height: 99–107 cm (30–42 1/4").
