

When **Bigger IS** Better...

Introducing the new Lumex Set N' Go Wide

The Set n' Go Wide Height Adjustable Rollator offers the convenience of a two-in-one product all rolled into one with added features for larger individuals. With its enhanced, wider spacing

of 19" in between the handgrips and a larger seat, the Set n' Go Wide is ideal for those users needing a little more room for comfortable movement and seating.

19" opening width between the handgrips is designed for larger individuals ...no more squeezing into a smaller product

WIDE 15.75" seamless seat provides extra padding and seating area for added comfort to support 350 lb weight capacity **EVENLY DISTRIBUTED**

Inner leg tubing is precisely engineered to reduce instability and secured with leg knob for added reinforcement

Large 8" casters for indoor and outdoor terrain

Velcro folding strap keeps rollator folded for easy storage and transport

Easy height adjustment with clear position indicators to accommodate a broad range of user heights

Available in Blue (RJ4718B), Burgundy (RJ4718R) and Silver (RJ4718S)
