1. The **Invacare® Matrix® Genera™ Back (GB)** provides support and comfort at a price so affordable that no wheelchair user needs to make do with sling upholstery.
2. For individuals with mild to moderate seating needs, the **Invacare® Absolute™ Cushion (EC)** offers simple, but highly functional solutions. This cushion is designed to provide basic comfort using highly resilient foam and is intended for individuals who are able to do their own weight shift for pressure relief.
3. For individuals with mild to moderate seating needs, the **Invacare® Single Density Cushion (SD)** offers simple, but highly functional solutions. This cushion is designed to provide basic comfort using highly resilient foam for pediatrics to geriatrics who are able to do their own weight shift for pressure relief.
4. For individuals with mild to moderate seating needs, the **Invacare® Comfort-Mate Extra Cushion (CMEX)** goes one step further with a comfortable, molded design and a durable moisture-resistant coating. Ideal for individuals who are able to do their own weight shifts for pressure relief, who need comfort, stability, gentle positioning and some protection.
