

The Joerns WeCare™ bed continues our legacy of quality and reliability, now in a convenient package designed for delivery outside of institutional care. Designed and field tested for one-person delivery and setup, WeCare brings fall prevention, resident comfort and caregiver safety to any setting. Care outside the institution no longer has to be a compromise.

Enhanced Capabilities and New Options

- **UNPARALLELED STABILITY:** Enhance confidence entering / exiting the bed with full range stability and foot placement.
- **A SAFER SYSTEM:** Protect against falls injury and reduce caregiver strain with the 8.75" ultra-low height and ergonomic 26" high height. Add peace of mind knowing WeCare is guaranteed to meet bed entrapment guidelines.
- **ENHANCED COMFORT AND CARE:** Improve sleep and reduce movement in bed with a fully adjustable sleep deck and AutoContour positioning.
- **A BETTER FIT:** Improve comfort, simplify repositioning and reduce falls risk with flexible sizing. WeCare offers optional 4" length extension and width extensions from 35" to 39" (Twin XL) and 42".
- **EASIER INSTALLATION:** Protect installers from excessive strain and simplify delivery with WeCare's unique transport dolly and stair climber.
- **FLEXIBLE DELIVERY:** Receive WeCare the way you want it. Packaged for easy delivery to suit your needs, the bed system can ship palletted or by parcel carrier.

Standard Offering

- ◊ **Reduced risk of injury:** With greater travel range
- ◊ **Exceptional clearance:** Open architecture legs
- ◊ **Comfort and shear reduction:** Three-section mattress support platform
- ◊ **Better sleep deck:** Therapeutic grid surface
- ◊ **Industry leading stability:** Durable tubular steel design
- ◊ **Intuitive ergonomic hand pendant:** 8-function control with integrated hook
- ◊ **Managed controls:** Pendant function lock-out available with optional staff control
- ◊ **Safer repositioning and egress:** Entrapment compliant assist device can be mounted at head and foot
- ◊ **Effortless operation:** Four quality DC motors

Delivering care together...
