Follow these steps to fully specify a Mount’n Mover system.

**Step 1 : Choose a Mount’n Mover**

- **Dual Arm Mount’n Mover**
  - M2-TQ-H * (High Resistance Hinge)
  - M2-TQ-L * (Low Resistance Hinge)
- **Single Arm Mount’n Mover**
  - M1-TQ-H *
  - M1-TQ-L *
- **Tilt’n Turner**
  - M0-TQ-H *
  - M0-TQ-L *

* Note: Dual, Single Arm and Tilt’n Turner all come with a Quick Release Plate (QRP)*

**Step 2 : Choose a Post Length**

Minimum post length is determined by the distance from the mounting point to the bottom of a person’s tray or device when it is in his/her preferred operating position.

Measure **Distance A** in the diagram and select the next longest post.

- **8” Post** P8
- **12” Post** P12
- **18” Post** P18
- **24” Post** P24

*Custom Post Length inches*

*Custom post lengths available.*
Step 3: Choose Where to Mount

3: Table Solutions

Mount’n Tilter
- Ideal for surface mounting
- Does not include QRP

Table Clamp
- Attach your mount to a table!
- Designed for use with Post & Mount

Stand +90°
- Table stand for devices
- Downward tilt for mounted devices

3: Floor Stands

Basic Floor Stand
Use your Mount’n Mover on a Floor Stand, move from wheelchair or table to Floor Stand in seconds. Easy access from bed!

Floor Stand Options
FS (Basic Floor Stand)

Options:
- 4C
  (4 “total lock” casters)
- E
  (Horizontal Extension)
  Adds up to a 16” horizontal extension

3: Attach to “other brand” Systems

Rehadapt with Tilt Plate
Customer supplies the TS-XL head

DPA-Rehadapt TS-XL

Wheelchair DAESSY adapter
Compatible with DAESSY wheelchair hardware.

WB-DAESSY

Tilt Plate Adapter
Compatible with DAESSY and Rehadapt. Other sizes available.

TR-TPA
1” or 7/8”

3: Wheelchair Mounting

Wheelchair Mounting is divided into two stages:

3a Select Mounting Hardware
- Direct Wheelchair Attachment
- Offset Components
  (Offset components are optional)

3b Select Wheelchair Bracket(s)
The Bracket is attached to the Mounting Hardware selected from 3a. The Mount’n Mover Post is then inserted into the Wheelchair Bracket square clamp.
Wheelchair Mounting - Select Mounting Hardware

Multi-Purpose Plates

All Adapter Plate(s):
- Can be used with bridge clamps.
- Accommodate a range of spacing for 1/4" or 6mm bolts.

Adapter Plates 2, 4, 5 can be used for:
- Permobil UniTrack
- Permobil Corpus
- Quantum/Jazzy Tie-Downs

Adapter Plate(s) can also be used to offset mounting forward or upward.

Offset Options

Why Offset?
- Get around obstacles like trays, brakes, footrests and armrests.
- Position the Wheelchair Brackets and post for best position.
- Compensate for mounting angle so the post is vertical.

Adapter Plate(s) can also be used to offset mounting forward or upward.

Adapter Plate

Most compact plate For Hole Spacing 1"-2" WC-AP

Adapter Plate 2

• Longer plate for offset WC-AP2

Adapter Plate 4

• More attachment options Also for 5/16" or 8mm bolts WC-AP4

Adapter Plate 5

• Longest Adapter Plate Compatible with Permobil and T-nut 4 threaded holes WC-AP5

Bridge Clamp

Bridge clamps must be used in pairs, spanned with an adapter plate.

WC-AP4

Collar Clamp

Additional round tubing options (see website for sizes) WC-Collar

Round Clamp

For mounting vertically to round tubing WC-R1

WC-R7/8

Coved Spacer

Through hole in frame Provides stability for plate attachment

WC-coved-1-set

WC-coved-7/8-set

Bridge Clamp

Set of 2

1" Bridge Set WC-R1B-SET 7/8" Bridge Set WC-R7/8B-SET

WC-R-Mixed-SET

L-Angle Extension

Can be used in pairs to extend mounting up to 7" WC-LAE

Tip: Adjust the angle of the post with the WC-AAP plate

WC-AAP

Solid Wheelchair Bracket

Use the WB2 with the WC-AAP for mounting at an angle (7.5 degree increments)

WC-AAP

Tip: Adjust the angle of the post with the WC-AAP plate

WC-AAP

Wheelchair Mounting - Select Wheelchair Bracket(s)

Solid Wheelchair Bracket

WB2

Wheelchair Mounting - Select Wheelchair Bracket(s)
Step 4 : Choose Device Attachments & Accessories

4 : Communication Device Attachments

Attach any Device with Ease

Device plates attach communication devices to the Mount’n Mover’s Quick Release Plate (QRP) or Quick Connect Receiver (QCR). One QRP comes with each Mount’n Mover.

Device make and model

Find the attachment plate for your device
