FEATURES

- **Ergonomic and modular tricycle** that helps the user to keep a proper posture and makes the ride easier thanks to its design and components.
- **Lowered frame** for easy ascent and descent.
- **Front positioned bottom bracket** for easier pedaling.
- **Optimized pinion** to facilitate the pedaling in safety.
- **Folding frame** to save space during transport.
- **Adjustable handlebar** in height, backward-forward and reversible.
- **Wide and ergonomic handles**, to increase comfort.
- **Bell.**
- **Front and back lamp.**
- **Front brake with locking device** (available from size M) for ascent and descent, that can be operated by the lever either on the right or on the left side of the handlebar. The distance between the brake lever and the handlebar is adjustable by screw.
- **Adjustable ergonomic saddle** in height, tilt and backward-forward
- **Rear storage basket.**
- **16" pneus wheels** run on ball bearings. A mechanism on the rear wheels allows easy adjustment of the tension of the chain.
- **Quick release front wheel.**

Attention!
Read carefully the user and maintenance manual
