

Charge batteries in just 3.5 hours

live **ACTIVE** *Five*

POC Battery Charger

Support your active patients by providing them with increased versatility and long-lasting portable oxygen use.

When your patients need extended runtime, purchasing additional batteries is an easy choice. Charge one battery while using another in the Live Active Five POC.

No need to carry a heavy extended battery like the other POC brands when only short-term usage is required.

PrecisionMedical

The Difference is Precision.
