for dynamic learning 

Whether in the classroom, nursery, or at home, good posture when seated creates a positive experience for your child; fine motor skills develop, confidence increases and the ability to engage and learn becomes easier.

The Juni chair has a contemporary appeal that helps to promote social inclusion.

## Posture at its foundation

Juni's seat and backrest both provide unique contouring. This promotes better posture, gives higher levels of comfort and helps your child feel more secure and stable in the Juni. It is our vibrant chair for children who require minimal levels of postural support when seated.

## Highly adjustable

We understand that your child's needs change during each stage of growth and development. Seat height and depth as well as armrest height can all be easily adjusted. The backrest can be reclined by 5° increments (from 95° to 105°), while it also features an unique built-in lumbar support.

The Juni chair comes with contoured seat and backrest, built-in lumbar support, pelvic strap, height and depth adjustable seat, height adjustable armrests as well as angle adjustable backrest as standard.

We've worked in close collaboration with therapists, parents and children to ensure that our products meet and surpass your expectations. Through your valuable feedback the Juni also has companions: highly adjustable Juni Table, Juni Hi & Lo Boosters and Juni Hi Lo Base to overcome height issues at home, nursery & school.

## Juni Table

The Juni table offers two key benefits; the legs are adjustable so your child can work or play at the correct height and the table folds, which allows for easy storage. Perfect companion to your favorite Juni chair.

## Juni Boosters

Our Hi Booster is perfect for the breakfast bar or for feeding your child without crouching or kneeling. Our Lo Booster allows for sitting your child at the dinner table or giving your child extra height.

Hi & Lo Boosters come complete with a black 5-point harness and are also available with castors\*. The Juni Boosters accommodate Juni chair size 1 and 2 only. Please visit [www.smirthwaite.com](http://www.smirthwaite.com) for more details.

## Juni Hi Lo Rolling Base

We understand the challenges of the classroom and home environment. Height adjustment is now easy with our Juni Hi Lo Base. The slimline footprint of the base makes this the ideal solution to fit under most classroom desks. So now, you can use your Juni chair together with the Juni Hi Lo Base by simply attaching it to the plate on top of the base; or use the chair independently where height adjustment's are not needed.
