

Benefits

For the Fitter:

- easy to fit (headrest can be shaped by hand)
- attaches to standard three point hardware
- optional use of headband (included) for additional anterior support
- the pads are easily reshaped by hand when the occupant is repositioned

For the Wearer and/or Caregiver:

- a cool and comfortable headrest, the modular design of the cushions allows for air circulation
- easy to put on and remove
- low profile; unobtrusive appearance
- easy to keep clean (sponge clean with soap and water, then air dry)
- total control for the head
- low heat retention

Sizes and Colours

- Available in Adult, Small and Pediatric sizes
- Currently available in Black only

The Savant Headrest™

A Wheelchair Headrest for Total Head Control

The Savant Headrest™ is a new and unique support for the head. It is cool, light-weight and can easily be shaped by hand. It provides support at three levels on the head to control lateral flexion and rotation. A headband can be used for anterior support.

Fitting Instructions

Choosing the Correct Size

The Savant is available in three sizes:

- Adult
- Small
- Pediatric

Sizing: On the Client

Circumference at forehead	Inches	cm
Adult	22 - 24	56 - 61
Small	18 - 22	46 - 56
Pediatric	14 - 18	36 - 46
1/2 Circumference behind ears		
Adult	8 - 9	20 - 30
Small	6 - 7	15 - 18
Pediatric	5 - 6	13 - 15

Sizing: On the Headrest

Inside distance along top support	Inches	cm
Adult	14	36
Small	12	30
Pediatric	9	23
Inside distance along middle support		
Adult	8	20
Small	7	18
Pediatric	5	13
Height of Headrest		
Adult	6	15
Small	5	13
Pediatric	4.5	12

The Savant is constructed with a unique steel core that allows selective shaping without tools.

The mounting disk accommodates a 1" (25mm) ball. The disk can be removed to attach custom hardware using M5 screws.

Netti, Whitmyer and Stealth hardware adapters are available.

The Savant comes with a headband that can be used for anterior support.

The Savant can be worn with or without the headband.

Features

The Savant Headrest™ is a unique new support for the head. It is cool, light-weight and can easily be shaped by hand. It provides support at three levels on the head to control lateral flexion and rotation.

A headband can be used for anterior support.

- Low profile headband gives anterior support
- Quick release clamps hold the Headband in place. Easy release for fine adjustment.

- High Lateral Pads give effective lateral flexion control
- Mid-Lateral Pads are shaped for comfort behind the ears
- Sub-Occipital Pads form extra support below the mandible.
- The pads are filled with a soft gel for comfort.
- The Savant is covered with a soft and durable nylon lycra knit fabric.
