

THERABATH PROFESSIONAL PARAFFIN WAX BATH - MODEL TB6

For over 90 years paraffin moist heat therapy has been used to relieve pain, inflammation and stiffness caused by arthritis. A form of *thermotherapy*, paraffin treatments effectively increase blood flow to aid in rehabilitation, or to warm an area of the body prior to other therapies or exercise.

The Therabath Professional Paraffin Bath is USA made to Class II medical device standards. Therabath units are hand-assembled ensuring that each and every one leaves the factory durable, safe, and reliable.
