

INVACARE® TOP END®
TERMINATOR®
WHEELCHAIR

The **Invacare® Top End® Terminator® Wheelchair** lets you do more with less. This full frame custom rigid chair makes the most of every push which allows you to go farther and do more with less energy. Who doesn't want that?

There are fewer adjustments which translate to more performance and durability and less weight, less maintenance and less hassle. The Terminator wheelchair combines great design with the strongest and lightest materials to give you a super chair that fits perfectly and delivers everyday performance. Built for you—exactly the way you want it.

Invacare® Top End® Terminator® Everyday Wheelchair

The Terminator wheelchair is a great low cost alternative to titanium without sacrificing any performance. Built of aluminum, the Terminator Everyday Wheelchair delivers the same great performance and durability as titanium, and the difference in overall weight is minimal. This way you can upgrade to Spinergey® LX wheels, Schwalbe® flat resistant tires and/or softroll front casters and have it all.

Features

- Super light aluminum frame material
- Full frame design
- 16° of back angle adjustments
- 4.5" of center-of-gravity adjustments
- No charge mesh back upholstery offers more comfort in various climates
- Pressed bearing allows for a more controlled rotation and to eliminate caster flutter
- Taper or V front frame style
- Choice of five front frame angles
